Support Asked For Police Raise

Editor, The Sunday News:

The Red Rose Lodge No. 16, Fraternal Order of Police, is currently conducting a campaign to stir public interest in a proposed 15 per cent pay raise for members of the City Police Department.

The department needs all the public support it can get so that the Lancaster City Government will realize that the policemen need and deserve a pay hike.

Cerf

At the conclusion of a concert at Carnegie Hall, narrates

We would therefore like to take our case to the citizens of Lancaster and ask their support for our campaign.

We urge all city residents to write to Mayor George B. Coe at City Hall and tell him they are backing our plea for higher wages. This matter is vital, not only to us but to the citizens of Lancaster who want good police protection and even better protection in the future. Without a pay raise, we will not be able to attract highly qualified men who, in ten or 15 years, will be the ranking officers on the department. Thus the citizens of Lancaster will suffer in future years.
